Re: LightSquared Subsidiary, LLC
Ex Parte Communication. IB Docket No. 11-109
IBSF File No. SAT-MOD-20101118-00239

Ms. Dortch;

This letter is to inform you of my concern that LightSquared should not be allowed to go forward until it is shown that their plan will not interfere with high-precision GPS.

I wish to tell the FCC that not only the surveying industry will be harmed, but so will the hundreds of thousands of people who use the data surveyors produce.

As a user of high-precision GPS, I **oppose** LightSquared's request (which ignores the recent independent test results) to affirm its license and its request to go forward with its plan.

Thank you,

Jama Singley
